PROFILE SUMMARY

Motivated and detail-oriented MCA student with a strong foundation in Java, Spring Boot, web development, database management, and R programming. Completed Bachelor of Computer Science (BCS) with Distinction (84.21%, CGPA 9.6), demonstrating consistent academic excellence. Skilled in developing scalable web applications and backend systems using Java, Spring Boot, ASP.NET, Hibernate, MySQL, HTML, and CSS. Experienced in building academic projects such as the Smart Village Management System, Traffic Violation Management System, E-commerce Website, and Expense Tracker System, showcasing strong analytical, problem-solving, and software development skills. Passed the Kathak Prarambhik Examination conducted by Akhil Bharatiya Gandharva Mahavidyalaya Mandal, Mumbai, with Distinction, reflecting discipline, dedication, creativity, and excellent presentation skills. Eager to contribute to a dynamic organization while continuously learning new technologies and enhancing technical and professional expertise.

TECHNICAL SKILLS

Languages: C, C++, Core Java, Advance Java, R, HTML, CSS
Core Concepts: Data Structures & Algorithms (Basics)
Web Technologies / Frameworks: ASP.NET, C#, Spring Boot, Hibernate (Basic)
Databases: MySQL, RDBMS, Oracle
Tools & IDEs: Eclipse, MySQL Workbench, MS SQL Server, Oracle Database Express Edition (XE), Visual Studio 2012, VS Code, R Studio
Accounting: Basics of Accounting (Tally ERP 9)
Soft Skills: Leadership, Teamwork, Event Management
Languages Known: English, Marathi, Hindi

PROJECTS

GramMitra- Village Management System

- Developed a web-based GramMitra- Village Management System for efficient management of village services and villagers records
- Built modules for villager registration, complaint management, scheme information, and emergency contacts
- Implemented secure login and role-based access for admin and users
- Designed responsive user interface using HTML, CSS, and Bootstrap
- Developed backend functionalities using Java, Spring Boot, and MySQL
- Integrated real-time data management and report generation features
- Improved accessibility of village information through a centralized digital platform

E-commerce Website

- Developed a scalable web application using ASP.NET and C#, enabling a smooth end-to-end online shopping experience
- Implemented secure authentication and role-based authorization for enhanced data security
- Designed a dynamic product catalog with filtering and search functionality
- Built a shopping cart system with real-time updates
- Simulated payment workflow and order processing
- Created responsive UI using HTML and CSS

Traffic Violation Management System

- Engineered backend system using Java, Spring Boot, and JDBC for managing violations
- Implemented CRUD operations for vehicle records and fines
- Designed optimized relational database schema
- Enabled real-time data validation and updates
- Developed user interface using HTML and CSS

Expense Tracker System

- Built application using Java, Spring Boot, and Hibernate
- Implemented expense management features (add, update, delete, categorize)
- Used Hibernate ORM for efficient database interaction
- Generated reports for financial tracking and analysis
- Ensured data consistency with validation and exception handling

Research Paper: Basics of Machine Learning

- Studied core Machine Learning concepts including supervised and unsupervised learning
- Explained classification and regression algorithms
- Analyzed real-world applications of ML
- Submitted paper to CSIBER, Kolhapur

EDUCATION

BCS, Willingdon College, Sangli (2025) – 84.21%, CGPA-9.6
HSC, Willingdon College, Sangli (2022)
SSC, R.N.P.G.H. School, Sangli (2019)

CERTIFICATIONS

AMCAT Qualified

AWS Tutorial – Nerds Academy
Digital Productivity with AI – NIIT Foundation (95%)
Great Learning – Programming & Web Development
Simplilearn – Python for Beginners NIIT Foundation – Digital Productivity
AI Powered Application Development – ABC Trainers and Consultants & IT Trainings, Sangli
Certificate of Participation – Arisha Foundation Skill Development Initiative
Kathak Prarambhik Examination (Akhil Bharatiya Gandharva Mahavidyalaya Mandal, Mumbai) – Passed with Distinction

INTERSHIPS

Walmart Global Tech (Online, Unpaid): Advanced Software Engineering Job Simulation – Hands-on project experience.
NSW (Online, Unpaid): Digital Job Simulation – Learned digital tools and productivity workflows.

EXTRACURRICULAR ACTIVITIES

Anchoring Team Member | Event Organizer | Girls’ Representative | Kathak Dancer

HOBBIES

Traveling, Trekking, Watching inspiring movies, Kathak Dance (Classical Indian Dance)
